THE PROGRAM FOR PARENTS OF CHILDREN WITH LANGUAGE DELAY

EarlyEd can now offer Hanen[®] Speech Language Programs Online – Book now!

Hanen[®] has released their newly researched online programs. The Hanen[®] Centre has just completed a very large telepractice research project in partnership with the government of Ontario to develop these 3 evidence based programs.

EarlyEd has been delivering Hanen[®] intensive, individualised speech language programs for many years and has already set dates for these online programs.

Any family wanting intensive Speech Pathology, who suits this program, can join now! All you need is a computer or tablet!

The *It Takes Two to Talk*[®] program is designed specifically for parents of young children (birth to 5 years of age) who have been identified as having a language delay. In a small, personalized group setting, parents learn practical strategies to help their child learn language naturally throughout their day together. The program is led by EarlyEd's Hanen[®] certified speech language pathologists.

The program runs over 12 weeks and consists of online groups sessions, an online pre-consultation session with you and your child and individual on-line support sessions.

Online program dates starting: 29 April 2020
