

FRIENDSHIP SKILLS LEGO® GROUP

3 Day School Holiday Program

EarlyEd's Friendship Skills Lego® Group is open to pre-schoolers or school aged children with difficulties or delays in social communication.

Individual goals will be set, designed to help children develop skills in this social setting:

- Sharing
- Turn taking
- Engaging with peers
- Initiating positive interactions
- Responding to interactions appropriately
- Communicating in social settings

The group encourages social interaction, communication and collaborative play skills in a supportive environment. Together, we will develop strategies with parents / caregivers that support their child's social skills in other situations.
