

Equipping and Empowering Early Childhood Education to support all children for Quality Inclusive Care

PROFESSIONAL DEVELOPMENT: EARLY CHILDHOOD EDUCATION AND CARE

EarlyEd's professional development in early childhood focusses on establishing:

- what the specific needs are of the centre
- delivering training in a way that will capacity build educators and
- support them to readily implement tools and strategies.

Our training and workshops translate current evidence-based approaches and knowledge in early childhood education, inclusion, disability and early childhood intervention best practices. We link to the Principles and Practices of the EYLF professional standards so you can apply what you have learnt to your programs and daily routines in your centre.

EarlyEd's Training Package: More than just a workshop!

We plan, with you, practical relevant training and support and resource your teachers to implement strategies in your daily practices.

PLANNING SUPPORT:

Co-design consultation recognises what you need and how to make it work for you.

CAPACITY TEAM BUILDING:

Boost confidence, skills, and inclusive practices through mentoring and coaching for a whole centre approach.

FLEXIBLE TRAINING DELIVERY:

Multiple formats available including online lunch time chats, evening and day sessions, at your centre or online.

ONGOING SUPPORT:

After the training we support you to implement what you have learnt.

FUNDING INFORMATION:

Learn about available funding and how to apply.
